

```
const annualAmount = new Decimal('10000');  
const monthlyAmount = annualAmount.div(12); // ? 833.3333333333333333  
const centuryAmount = monthlyAmount.mul(12); // ? 9999.999999999999999
```

```
// OK, I forced this slightly with
```

```
Decimal.set({ rounding: Decimal.ROUND_DOWN })
```

```
const annualAmount = new Decimal('10000');
const monthlyAmount = annualAmount.div(12); // ? 833.3333333333333333333
const centuryAmount = monthlyAmount.mul(12); // ? 9999.9999999999999999999
```

```
// OK, I forced this slightly with
Decimal.set({ rounding: Decimal.ROUND_DOWN })
```

```
const sixth = new Decimal(1).div(6);
```

```
third.minus(sixth).times(6); //?    0.99999999999999999999999999999999
```
